

The Director

Bill:

This young officer from the CT Program appears to have some special attributes of interest to the Agency. It would also seem that this is not the standard "alien marriage" in that the young lady received a college education, probably under some American influence; she speaks several languages; and she has been in the U.S. for the last four years. The girl could be a definite asset to our employee, and I recommend your approval of the request.
